

## Quarterly Report: April 1 - June 30, 2013

### Designated B locations

Status/Progress	Preparing bid documents - on target in accordance with posted schedule
-----------------	--

### Complaints/Requests Received

Description	Date Received	Response Date	Response Summary
Request for accommodation on west side of Bowen Road between Cales and Kroger located at Abram/Bowen.	6/7/2013	6/28/2013	Staff left a message with citizen to discuss the request to verify scope; have not received call back from citizen.
Citizen completed a request on-line for ramps along Lamar from Fielder to Davis along the north side of the roadway.	6/20/2013	6/28/2013	Staff visited with citizen on 6/28 and with spouse on 7/3 to fully understand scope of request. This location is being added to the 2013 Sidewalk project.
Citizen emailed requesting the City provide a curb cut mid-block to tie in the house sidewalk to the street.	6/13/2013	6/18/2013	Staff contacted the citizen and suggested she contact the Arlington Housing Authority for possible assistance. There is no public sidewalk along the street in front of the citizen's house; therefore, the request is considered a private request. In addition, the City does not construct mid-block crossings when public sidewalks are in place due to safety concerns.
Email from citizen with concern of lack of handicap parking spaces located near a private business. (JayJay's Café)	12/28/2012	1/29/2013	City Construction Manager met with Business and explained concern. Informed citizen of City action and option to file a formal complaint with the Architectural Barriers Division of TDLR and provided contact information. Discussion with citizen has continued - City Construction Manager offered to file a complaint with TDLR on her behalf and she accepted. A complaint was filed on 6/28/13.
